FOR IMMEDEATE RELEASE

HOPE4HEROES.ORG RELOCATES TO BREVARD COUNTY, FL

National Foundation for Veterans Doing Mega Event in Brevard County, FL

Hope4heroes.org a foundation that supports veterans and families selects Brevard County, FL as new home. The foundation was started in 2008 by veterans for veterans with a mission to support and provide training and education to our warriors and the families of our fallen warriors. CEO of Hope4heroes.org Victor Luebker said this: "I grew up in FL and on the beach (Pensacola Beach), for me Florida is home. When the opportunity to relocate our business and foundation to Florida came up I wanted the perfect community, Brevard County is that community".

Vic is a 22 year veteran that served in Bosnia and Iraq and started the foundation to be a grass roots veteran's service organization. Since the start they have added MLB Legend Jay Johnstone (4 World Series rings) and former Southern Command general, Major General Alfred Valenzuela to their staff of advisors and spokesmen. Over four years the foundation has touched and supported thousands via the wounded hero's baseball classic.

The event features former MLB and NFL legends playing golf at Duran, in a celebrity WPT sponsored poker event and an All-Star softball game at Space Coast Stadium as part of a weekend of events supporting our nation's heroes and their families. Mr. Luebker went on to say this "We wanted to start off right and bring a showcase event to the community. This is a big military and veterans community and it just makes sense to have an All-Star weekend right here in our new home". More can be found at www.hope4heroes.org (all-star weekend). The event will be over the weekend of 28-30 Sep, 2012.

Sponsors and partners include everythingbrevard.com, The Brevard Manatees, Duran golf club and many local business leaders. Tickets to the All-Star game are FREE to the community with 10,000 tickets being given away. Golfers can play FREE at Duran with the MLB and NFL legends as well. Vic said: "This is a world class event for a world class community!"
